Round Tables are assigned on a first-come, first-served basis. If you wish to do more than one, indicate so on the form above. Please get your application in early to ensure space.

Tables will be set up so that buyers can either sit and put the kit together at that time or just buy it and go.

Kits should be packaged up with all supplies needed, including written instructions so those taking them rather than making them on site will be able to understand how to put them together. Kits are expected to be sold for no more than \$10.00 each and however many you make is up to you, but you should plan to have plenty of them. The more you sell - the more you make!
